Hope Marine Is Released by Chinese; Enemy Slowdown in Prisoner Swap Noticeable

By The Associated Press

Three more Arkansans walked to freedom in Korea today, one of them to be told he had won the Congressional Medal of Honor.

Lt. James Stone, son of S. L. Stone of Pine Bluff and Mrs. Frank Walker of Hot Springs, received the news that he had won the nation's highest military honor with tears in his eyes and clenched fists.

It took him a full two minutes to say anything after Brig. Gen. Ralph Osborne made the announcement—delayed until Stone's liberation because of a fear of Communist reprisals.

"I don't deserve it," he finally managed.

In Pine Bluff Stone's father said he had not known of the award but "Thank God he's all right. I'm sure proud of him."

Mrs. Walker was visiting in New York and could not be located. The release of Mr. Sgt. Johnnie Witt of Fort Smith was a signal for Mrs. Witt to start packing to take her two children to the west coast.

"It's wonderful," she said. "I just don't know what to say. We'll leave to meet him as soon as we can."

The release of Marine Lt. Rowland Murphy brought an excited cry from his mother, Mrs. H. C. Murphy of Hope.

"I just thank God and everyone who prayed that my boy would come back," she said.

Murphy's father said his son was wounded in hand to hand fighting and captured 16 months ago, a little more than a month after he arrived in Korea.

PANMUNJOM — Another 100 happy Americans rolled through Freedom Gate today, bringing to 3,027 the number of U. S. soldiers freed by the Communists as the Korean War prisoner exchange neared an end.

The Reds returned only 300 prisoners today, the smallest number for one day since the exchange started and far below their usual quota of 400.

They blamed "administrative reasons" for the cut and said they would deliver 300 POWs — including 89 Americans — again tomorrow.

The Reds said this at a lower level military armistice commission meeting, but did not amplify.

These other developments highlighted the 29th day of Operation Big Switch:

Bulletin

SAN ANTONIO, Tex., (UP) — Gen. Jonathan M. Wainwright, 70, the hero of Bataan and Corregidor, died at 12:2 p. m. CS, today.

FT. BRAGG, N. C. (AP) — The Ft. Bragg public information office reported that 10 soldiers drowned today in an accident during a training problem.

The PIO said two other soldiers were "not accounted for" and four others were hospitalized.

Details of the accident were lacking.

ST. LOUIS (AP) — The American Legion demanded today an all-out war, including use of atomic and hydrogen bombs, to drive Communists from Korea if peace negotiations fail.

Woman to Recover From Slashed Throat

A Hope woman seriously slashed her throat with a razor blade about 9 o'clock last night but is expected to recover.

Investigating City Police listed the woman as Mrs. Ada Crane of 910 West Fourth Street. Officers reported Mrs. Crane's young grandson was in the room with her at the time and that a daughter was on the front porch.

She was rushed to a physician's office for treatment and later returned to her home.

BARREL OF TROUBLE PASADENA, Calif. (AP) — Six-year-old Romie Perry got himself into a barrel of trouble.

Springing an empty oil drum, he crawled into it yesterday to hide from playmates. Firemen required an hour with metal cutters to free him.

Divorce Cases Take Up Chancery Court's Time

In recent proceedings the following decisions were handed down in Hempstead Chancery Court:

Joe D. Beatty vs. Vee Edna Beatty, divorce decree for defendant, petition for citation dismissed.

Arkansas Highway Commission vs. Wilbert and Ellen Martin, case dismissed on motion of plaintiff, injunction dissolved, bond returned to Highway Dept. in the Highway 67 right-of-way case.

Ruby Rogers vs. Roy M. Rogers, appraisers named to fix value of property involved.

Mary Smith vs. Fletcher Smith, divorce granted plaintiff.

Claude Whitehurst vs. Arthur Whitehurst, divorce granted plaintiff.

Anney Kennedy Gaines vs. J. B. Gaines, divorce granted plaintiff.

Ferguson Debunks Demo Efforts

WASHINGTON (AP) — Sen. Ferguson (R-Mich.) accused Democratic leaders today of spreading "bunk" and "trying to ride the President's coattails" toward Democratic capture of Congress next year.

Ferguson, newly elected chairman of the Republican Policy Committee in the Senate, said some Democrats are using "false and misleading information in saying their votes 'saved' President Eisenhower's program."

His statement was obviously in reply to one issued over the weekend by Sen. Lyndon B. Johnson (D-Tex.), the Senate minority leader. Johnson said most of the President's program which passed at the last session did so because of Democratic support.

Ferguson called no names in his blast at Democratic party leaders, whose statements he termed "just bunk." He declared that "Republicans in the 83rd Congress gave overwhelming support to the Eisenhower administration."

He issued through his office here his analysis of Senate voting in this year's session. Ferguson, who is up for re-election next year, is on a speaking tour in Michigan, and planned to use some of the material in the statement at a speech today in Gaylord.

"The Democrats are using this voting issue as a Trojan Horse, just to win an election, and the facts aren't on their side," he said.

"They are just trying to ride the President's coattails."

Johnson had declared that most of the opposition Eisenhower encountered this year came from GOP ranks, and he said, "Many of his programs could not even have been brought to the floor of either house without Democratic help."

Ferguson, on the other hand, said he had checked 47 Senate rollcall votes which "conceivably involved the President's program" and had found that:

"Fifty per cent or more of the Senate Democrats voted against the President's program 22 out of 47 times—or almost half the time, while 50 per cent or more Senate Republicans voted against it only 4 times."

"In 30 cases out of 47, Senate Republicans had more votes in support of the President's program than the combined Republican-Democratic vote against. This is an excellent record."

Ferguson did not specify the issues on which these votes were cast.

He added that many parts of the Eisenhower program went through Congress without a record vote.

He said that, on the other hand, Democrats had blocked Hawaiian statehood in a Senate committee, resisted Republican economic moves and obstructed efforts to get government out of competition with private business.

Harrell C. Hall, manager of the J. C. Penney company store here, spent last weekend visiting in Fort Smith with his brother, William A. Hall, who will sail from New York September 4 as a Fulbright exchange student — to Germany, the first time that country has been included in the schedule for student exchange.

Dulles Warns China of War on Mainland

ST. LOUIS (AP) — Secretary of State Dulles solemnly warned the Communist world today that Red Chinese aggression against Korea or Indochina might provoke war by the West against China itself.

In doing so, he appeared to be laying down a new government policy of tolling potential aggressors in advance where the United States will fight to protect its security.

The Chinese Communists must now realize, he said, that "they could no longer count" on the "privileged sanctuary" of Manchurian air power they renew aggression against South Korea.

As for Indochina, the secretary noted in a foreign policy speech prepared for the American Legion Convention that Communist China is training, equipping and supplying Communist rebels in Indochina.

Dulles then declared: "There is the risk that, as in Korea, Red China might send its own army into Indochina. The Chinese Communist regime should realize that such a second aggression could not occur without grave consequences which might not be confined to Indochina."

"I say this soberly in the interest of peace and in the hope of preventing another aggressor miscalculation."

Dulles told the veterans the Korean War has taught the United States "a lesson which we expect to apply in the interest of future peace." The lesson, he said, is this:

"If events are likely which will in fact lead us to fight, let us decide; then we shall probably not have to fight."

He said many informed people think that both World War II and the Korean conflict came about because the aggressors miscalculated the thought that the Americans would not fight.

The Korean fighting has established, he said, that "aggressors hostile to the free world cannot count on enlarging themselves by the conquest of small nations, until they become bloated with power and busy with success."

Bobcaw Club to Celebrate Progress

Bodeaw, one of the oldest school communities in the south, will have a celebration September 12, highlighting progress made by the Bobcaw Improvement Club.

Through co-operative efforts the community is well on its way to a million dollar broiler production business, has built a school and community park, completed two new teacherages and placed name plates on nearly all mail boxes of the area. Many other community projects are planned which will not only increase the family incomes but make a better and more wholesome community.

A free barbecue for everyone will be served at 5 p. m. followed by a social. The program is designed to entertain the entire family and people of this area are invited to help Bobcaw citizens celebrate their progress.

All interested persons are asked to meet Friday, September 4, to clean the park in readiness for the barbecue.

Brother of Penney Manager Awarded Fulbright Honor

Harrell C. Hall, manager of the J. C. Penney company store here, spent last weekend visiting in Fort Smith with his brother, William A. Hall, who will sail from New York September 4 as a Fulbright exchange student — to Germany, the first time that country has been included in the schedule for student exchange.

The Fort Smith man, a graduate of the University of Oklahoma, is an architect specializing in the technique of modern design, and that is what he will study during his nine-months stay in Germany.

Mr. Hall is affiliated with a New York City firm of architects, and toured Europe "on his own" last spring in search of ideas. Now he has been honored by selection as a Fulbright exchange student — to Germany, the first time that country has been included in the schedule for student exchange.

TV Dealers to Show Sets Here Thursday Night

The television dealers of Hope, in co-operation with KXAR, will stage a big free television show at the National Guard Armory Thursday night. At least ten dealers will display representative sets from the various lines that are sold in this area.

The feature attraction of the night will be a television show from Texarkana at 8:30 p. m. consisting entirely of talent from the Hope area. Haskell Jones of KXAR will be master of ceremonies for the TV show. The doors will be open at the armory from 6 p. m. until 10 p. m. and the entire public is invited to attend.

Free drinks and door prizes will be given as a part of the program. This big television display is being arranged so that the people of this area can have the opportunity to compare all makes and models under actual operating conditions.

Adenauer in Home Stretch of Elections

By BRACK CURRY
BONN, Germany (AP) — Chancellor Konrad Adenauer and 4,039 other West German candidates poured full steam into the political home stretch today as the government readied top secret plans against Red terror attacks on next Sunday's crucial elections.

Both Adenauer and his chief opponent, Socialist Erich Ollenhau, headed their campaigns for the key Ruhr industrial section. Its vote could decide whether the West-Allied Chancellor's three-party government coalition bents back the strong threat of the isolationist Socialists to control Parliament's new lower house.

The huge field of candidates is campaigning for 48 legislative seats. The others must decide whether the majority will be filled by persons pledged to Adenauer's program to rearm Germany in alliance with the West or to the Socialist platform of going it alone between East and West.

Resigned to the certain voting defeat their relatively few cohorts in West Germany face, the Kremlin's East German satellites have poured thousands of Red agents across the winding 600-mile East-West frontier.

After nabbing some 4,500 of the Red agents, Adenauer's government said they were pledged to a terror campaign of political killings and attacks on voting booths.

Rain Needed in North Arkansas

LITTLE ROCK (AP) — Pastures and feed crops — especially in the north and central area of the state — are badly in need of general rains. Miles McPeak, federal agricultural statistician, said today.

McPeak said local, scattered rains last week were not sufficient to bring needed drought relief. As a result the marketing of cattle continues above normal, he said.

Strawberries and other fruit and vegetable crops also have been hard hit by dry conditions, McPeak added.

The dry weather has helped cotton farmers by keeping boll weevil and other insect infestation to a minimum.

McPeak said picking of early cotton has begun in Calhoun, Cleveland and Chicot counties with more than 400 bales already gined in Chicot.

A favorable cotton crop from early and mid-season plantings is in sight, he said. The outlook for soybeans also is favorable.

Young Burglars Can't Remember

DENVER (AP) — Six youngsters being questioned by police couldn't recall all the burglaries they had committed.

"How do you expect us to remember?" one of them asked Detective Lester Jones. "We pulled some of those jobs when we were just little kids."

The youngest of the six is 9 years old. The oldest is 13. Jones said the boys pulled at least 40 different jobs in the past three years. He estimated their loot at about \$400 in cash and merchandise.

Army to Slash Civil Work
WASHINGTON (UP) — The Army was expected today to announce a new cut of about eight percent in Civil Works spending for the current fiscal year ending next June 30.

Fifty Known Dead From Intense Heat

By The Associated Press

A prolonged heat wave, following weeks of hot and dry weather, showed no signs of a lull today in wide areas in the eastern half of the nation.

It damage from the summer's unseasonable weather, with no heavy rains in many areas, was widespread.

The death toll from causes attributed to the current heat wave mounted to at least 50. Thousands have been treated for heat prostration.

Damage to crops in several states appeared soaring into the millions of dollars. In Missouri alone officials estimated the firm income loss from drought would total 150 million dollars.

In Iowa, one of the leading corn states, a Farm Bureau official said the hot weather of the last week alone had cut the state's prospective corn yield by at least 15 per cent. Corn damage also was reported in Illinois, South Dakota, Nebraska, Kansas, Indiana and Ohio.

Business Now in Order at Legion Meet

ST. LOUIS (AP) — American Legionnaires, turning back to business after a gala parade, today battle it out over Air Force budget cuts and the United Nations and hear a major policy speech by Secretary of State John Foster Dulles.

The two burning national convention issues already have caused a split in the convention. A floor fight was foreseen at least on the budget cuts question.

Perhaps the hottest issue on the agenda is the Eisenhower administration's five-billion-dollar cut in the Air Force budget and its decision to cut back the Air Force program from 143 to 120 wings.

The convention committee on aeronautics passed a resolution calling for re-establishment of a 153-wing Air Force. This will come up before the Convention Committee on Security, but it is one of the last items on the agenda today and possibly could be crowded off.

The resolution could be blocked in the Security Committee but proponents say it definitely will be brought out on the convention floor.

First Cotton of Season Is Bought Here

Two north Hempstead County farmers brought in separate bales of cotton today.

Ira Brooks of Blevins brought in a 508 pound bale while C. N. Jones of Blingen brought in a 540 pound bale.

The Agriculture Committee of the Chamber of Commerce is getting up premium money for producer of the first bale.

Fire Guts Insurance Man's Automobile

A small Nash stationwagon owned by Andy Andrews, local insurance man, was gutted by fire about midnight last night at his home in Oakhaven.

Origin of the blaze was not determined but believed to be in the wiring. Volunteer Oakhaven firemen put out the flame.

Hope folks join with Mr. and Mrs. H. C. Murphy in rejoicing over the wonderful news that their son, Lt. Max Murphy was among the American prisoners released last night by the Chinese Communists. After many, many worried days and nights they can today be truthfully called the happiest and most grateful pair in this county.

Separate Plane Crashes Leave Sixty-Six Dead

Council Takes Little Action in Short Session

In a short session last night the Hope City Council took the following action:

Awarded a contract to Grigg Decorators for venetian blinds at the City Hall; agreed to pay for damages to Hope Floral Co., truck, which was involved in a wreck with a city-owned truck; agreed at the request of the Boundary club to furnish light poles and fixtures for the arena which will be located south of East Seventh in the 900 block.

Passed an ordinance levying the usual five mill city tax; and took under consideration an application from Hinton Davis to install a gasoline tank and pump at Fifth and Walker Streets. A hearing on the issue was set for Sept. 15.

Ike Assures Cooperation to Iran

By MARVIN L. ARROWSMITH
FRASER, Colo. (AP) — President Eisenhower has assured the new government of Iran "sympathetic" American consideration of its urgent appeal for financial aid.

In another move obviously designed to win Iran to the Western world and away from any alignment with the Soviet Union and Iran promising immediate study of that nation's economic crisis.

Eisenhower, in a message dated Aug. 20 in reply to Zadeh's of the same day, told the Premier: "In an effort to assist you in dealing with your immediate problems, I have authorized my ambassador to Iran to consult with you regarding the development of our aid programs there."

Time Plant Strike Ends at Little Rock

LITTLE ROCK (UP) — A back-to-work trek will begin at the U. S. Time Corp. plant here tomorrow and some 300 workers hired since the strike began July 31 won't have to worry about their jobs.

Plant Manager Stanley Amren announced following settlement of the strike yesterday, that the company will begin work on a new government contract "within 30 to 60 days" and will retain the new men as well as "absorb" the 600-odd striking members of the AFL machinists union.

"The old employees will be absorbed as full production is resumed within the next 30 to 60 days," Amren said. He also called for all workers on project 89, a navy contract, to report to work Thursday morning.

The new contract, to extend through Dec. 4, 1954, provides, among "fringe" benefits, a six-cent an hour general pay boost, three cents of which is retroactive to June 15, and "inequity" increases of three cents an hour, and five-cent an hour wage increases in three special job classifications. The workers also won three cents an hour, and five-cent an hour wage increases in three special job classifications.

The workers also won three paid holidays, Christmas, Memorial Day and Labor Day.

Famed Violinist Killed; Soldiers in U.S. Crash

MCCORD AIR FORCE BASE, Wash., 50 — The Air Force reported today the burned wreckage of a chartered airliner that vanished last night with 19 soldiers and two crew members had been found in Southwest Washington.

The first reports indicated there were no survivors.

The McCord information office said 15 bodies were counted at the scene.

An officer said a state forestry employee had found the wreckage and counted the bodies.

By The Associated Press
A plane crashed in the French Alps last night, killing all 43 aboard. Halfway around the world on the Pacific Coast another plane vanished and presumably crashed with nearly two dozen soldiers aboard.

The four-engine French airliner smashed into the side of a 10,000-foot peak and burst into flames some 100 miles north of Nice. Among the passengers was France's most famous violinist, Jacques Thibaud and his daughter, Suzanne. There were no Americans aboard the plane which was bound for the Orient.

Less than an hour before that crash, a military-chartered twin-engine plane took off from Monterey, Calif., for Tacoma, Wash., with 21 or 22 soldiers and two civilians. It checked in six hours later over Portland, Ore., and then silence.

The Air Force sent out planes today to search the Southwest Washington mountains and forests for the missing airliner.

NICE, France (AP) — An Oront-bound French airliner crashed in flames late last night on the side of a 10,000-foot Alpine peak, killing France's most famous violinist, Jacques Thibaud, and 41 other persons.

The giant four-engined Air France plane was on a regularly scheduled flight to Saigon and Hong Kong when it smashed near the towering summit of Mt. Comet, in southern France 100 miles north of this Riviera resort.

Rescue workers who reached the scene after tolling more than five hours up the steep mountain slopes reported there were no survivors among the 33 passengers and 0 crew members. Wreckage was scattered over 1,500 feet of the mountain side.

Air France officials could give no cause for the crash, which occurred only an hour and a half after the big plane left Paris's Orly Field. They said messages from the pilot had reported all was well and the weather was good.

Replacement Cows to Be Discussed

The production of replacement cows for Hempstead county grade A dairies and farm family use will be considered Friday evening, September 4 at eight o'clock in the county courtroom stated county agent, Oliver L. Adams today.

The Hempstead County Artificial Breeders Association, a group of dairy producers organized to make quality dairy stock available to producers, urges all interested individuals to attend the meeting.

Dexter Alford, secretary to the dairy group, is very desirous that an active part be taken by more dairymen in making a plan for producing dairy replacements workable.

A film "The Right Semen to Produce the Right Calves" will be shown. This film is particularly recommended from the standpoint of explaining the physiology of reproduction and the artificial breeding program.

Quality sires mated to our best producing cows is the only known dependable means of producing replacement dairy cows with possible desirable production bred into them. County Agent Adams is urging dairymen to take part in the Friday evening meeting.

Wainwright Is Reported Seriously Ill

SAN ANTONIO, Tex., (UP)—Gen. Jonathan Wainwright, the hero of Bataan and Corregidor in World War II, suffered another obstruction in a blood vessel in his brain today and a hospital bulletin said he may not survive.

The gaunt General, who was left behind in the Philippines when the Japanese overran them to "pay the price of his country's unpreparedness" is in a semi-coma in Brooke Army Hospital.

"Grave concern for his recovery is felt," the hospital bulletin said. His trouble was medically described as a "recurrence of a cerebral thrombosis," that is, a blood clot in one of the blood vessels in his brain.

Wainwright, 70, entered Brooke hospital July 6 with a cerebral thrombosis. Since then, his condition has been generally poor, hospital attaches said.

Hopkins, Action on account for \$63.53, Judgment for plaintiff for \$63.53, by default.

The Toggery Shop vs. R. L. McFadden, Action on account for \$17, Judgment for plaintiff for \$17 by default.

James V. LaGrossa, dba Western Auto Associate Store, vs. George Clemondson, Action for \$41.05 on account, Dismissed; account settled.

A spokesman for the hospital, who declined to be identified, said his weakened condition when he entered the hospital can be attributed to the three years and five months he spent in Japanese prison camps after he had to surrender Corregidor in the Philippines. When Gen. Douglas MacArthur was ordered from the Philippines by the late President Roosevelt to

Australia, Wainwright, second in command, was left behind to command American forces. His stubborn defense of the Philippines with hungry, ammunition-short troops upset the timing of the Japanese invasion schedule and he was hailed as the savior of Australia from Japanese invasion.

Cherry to Attend

LITTLE ROCK (AP)—Gov. Francis Cherry said yesterday he plans to attend the Democratic Party rally in Chicago because the South "is getting increased recognition in the party and should take advantage of it."

He made the statement in connection with a remark of Sen. Spessard Holland (D-Fla.) that he won't go to the rally because he thinks the South will gain nothing there.

A GREAT MOVIE IS
SHOWING IN HOPE!
... THE TOUCHING,
WONDERFUL STORY OF

THE CLOWN

Without hesitation and with deep sincerity we tell you that this picture is truly "Great".

It's bigger entertainment that the title would lead you to expect. Yes, it's full of the laughs you expect from Red. It will tickle every Skelton fan.

But it has infinitely more for EVERY moviegoer. You are in for a wonderful surprise; you will see a Red Skelton who achieves what every comedian dreams of (but few attain) — the heights of a stirring portrayal. He comes close to being a tragedian in giving heart-and-soul to "The Clown".

Behind all of the slapstick and clowning is the story of a man and his adoring little son. You learn why this man-of-laugh has hit the skids and has lost everything but the worship of his boy. And your heart goes out to the clown and you pray for his "comeback". The final sequence is the most touching scene ever filmed.

And to match Skelton's amazing performance is another portrayal — the boy as played by young Tim Considine. You'll embrace him and "The Clown".

You'll love it!

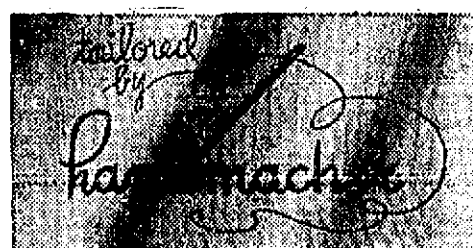

SHOWING TODAY
AND THURSDAY!

The Southwest District Singing Union Division II met with the Antioch Baptist Church near Elmer, August 30. The crowd was a record breaker. Gary Wiley, pastor of 11th Street Baptist Church, brought a chartered bus with two choirs. About nine choirs participated in the singing and all rendered excellent music. A new progressive feature originated by Mrs. Nova Carmichael of the musical clinic, was very instructive and beneficial. The subjects discussed were music for Churches by Mrs. D. Colbert. Tons by Miss Shirley Robinson. The 11th Street Church won the crown as Queen.

The City-wide Singing will be held Sunday, September 6, at 2:30 p.m. at the Church of God in Christ, Eld. O. N. Dennis is pastor. All junior choirs are asked to be present.

The Missionary Ladies of St. Paul CME Church, Washington, are sponsoring a winter roast Friday night, September 4, at the Coleman's home on Rt. 4. There will be entertainment for all.

Mr. and Mrs. James Boatner and Mrs. Boatner Boatner spent the weekend visiting relatives in Oklahoma City. They were accompanied home by Miss Annette Boatner.

Dyane and David Harold Perkins are visiting their grandparents, Mr. and Mrs. Ed Hayden in Dallas, Tex.

In a contest between Bethel A. M. E. Church and BeeBee Memorial C. M. E. Church, attendance for BeeBee was 908, and funds raised, \$44.03. For Bethel A. M. E. Church, attendance was 876 and funds raised was \$400, for the month of August.

Oilers Advance in Playoffs

By The Associated Press
 El Dorado now finds itself in the enviable position of standing by while Jackson and Meridian fight it out in the other end of the Cotton States League's Shagbush playoff. And that standing by camp.

The Oilers made it four straight over the third place Pine Bluff Judges last night, a convincing 1-0, and arrived in Texarkana between 9 and 9:30 a.m. Seven steps were made on the tour as follows:

Hazelwood Candy Company — where the group actually saw how some long-made candies were made. They also had the opportunity to sample the candy.

Grappette Bottling Company — where the group was shown the bottling process and how "soda pop" first got its name. They also had a chance to sample the "pop."

Rehkopf Mattress Company — Here the group was shown how mattresses were made. This was very interesting and many of the women learned that they could not have to discard some of their mattresses at home, but they could have them renovated instead of buying new ones. They also saw the old-fashioned "cotton border" on a larger scale in a new building.

Brown-Miller Pickle Company — where the group saw the process by which pickles are made. Many saw where the cucumbers they grow go and the huge production boats set up. They were allowed to taste the pickles, also.

W. J. Dickey Clay Manufacturing Company — where the group was amazed to see what could be made out of mud and water.

The Borden Company — Here the group had an excellent demonstration on sanitary handling of milk, milk and milk products made, and sampled bottled drinks made by the company.

International Mineral and Chemical Company — where the group was shown how fertilizer is made and the formulas used. Many of them had been using the same types of fertilizer and could better understand the process by which it is made.

The group enjoyed this one-day educational tour very much and expressed a desire to have one each year.

Participation in the tour was from the following clubs: Oliveblossom Springs, 9; Columbus, 1; Macedonia, 3; Mara Hill, 3; McNabb, 2; McNeill, 10; Mt. Pleasant, 1; New Hope, 2; Powers, 3; Shepherd, 1; and Williams Chapel, 2.

Main Event at Coliseum Ends in Dispute

An excited crowd, perhaps the largest of the season, didn't like it a bit last night when the feature event ended with a rule discussion.

The home favorite Barto Hill was to toss Jimmie Lott in 45 minutes. Hill won the first fall but Lott pinned Barto shortly afterwards. The referee then ruled Lott the winner but Barto protested that it was a two of three match fall and that 45 minutes hadn't passed.

It was simply a technical discussion of the rules with Lott refusing to return to the ring and Hill in ruling the fight wasn't over. The fans took it hard.

In the first match Buddy Farmer, the meatie, pinned the crowd's favorite Berto Mata in two of three falls. The contest was rough and rugged with the fighters at times slugging it out among the ring-side fans.

Next week the feature and only event will be a "Hassell Royal" which again will allow Hill a crack at Lott. A total of five men will be in the ring besides the referee.

The others are Billy Rayburn, Frankie Marshall and Sammy Bidgwin.

Ohio State Likely Tops in Big Ten

COLUMBUS, Ohio (AP) — The men who tend the fires in this hallowed of the Big Ten football think Ohio State is coming up with a "good" team.

Nobody is mentioning the word "great" just yet. The "good" tag is the consensus of Ohio coaches, sports writers and others who follow the fortunes of the Bucks.

Bill, 9-0, blanking administered by right-handed Milt Ardrey. Jackson pulled up to within one pump of Meridian with a 12-0 verdict over the Oilers.

The judges never threatened as Ardrey controlled the situation with five strikeouts and the Oilers crumbled in with three double plays.

Southern Race Gets Tighter

By MERCER BAILEY
 Associated Press Sports Writer

While Nashville, Memphis and Atlanta were tightening the Southern Association's race to the point that something has to give, Chattanooga climbed a ladder of 11 straight hits right into the record books last night.

Memphis whipped two of the best pitchers in the Southern Association, rolling over Jack Harshman and reliever Pete Modica to beat Nashville 6-3.

As a result, the Chicks and the Vols are deadlocked for first with identical 81-65 records. They have four more games in their series.

Atlanta climbed to within half a game of the leaders by drubbing Birmingham 10-5. Mobile edged New Orleans 6-5, and Chattanooga cut loose with its record-breaking string of hits and beat Little Rock 13-5.

Frank Kapuscinski and Bob McCall were victims of the Lookouts' barrage which erased the old record of nine consecutive hits set by Atlanta against Little Rock July 30, 1940. The fourth inning outburst, which included a home run by Hank Dijkshoorn, netted Chattanooga 11 runs, five shy of the record for most runs scored in one inning.

Frank Zeis held the Braves' Chick King hitless in five trips, ending the rookie's hitting streak at 11 games.

This year there's a note of caution because of the uncertainty of just how well the Bucks' offense and defense can fit into the new one-plateau system. And caution because of the uncertainty of just how well the Bucks' offense and defense can fit into the new one-plateau system.

Block, Tackle Porker Menu for Few Days

By CARL BELL

FAYETTEVILLE, Ark. — Because of the new substitution rule ending the era of specialization all college football teams are having to spend more time learning to block and tackle this year.

Coach Bowden Wyatt feels his Arkansas Razorbacks need even more work on these fundamentals than the other.

"We have further to go," he said. "In fact, I guess we have to go just as far as you could possibly go on fundamentals."

That's because the single yard attack Wyatt is installing a full contact, solid blocking — a great contrast to the brush blocking of the "T" formation the Porkers have used for the past four years.

So it was blocking, tackling and running and the more of it the same as the Razorbacks opened practice with morning and afternoon workouts yesterday. Still more of the same was on tap for today, tomorrow and the remainder of the week.

It will be next week before the only games scheduled.

squad starts working much plays or does any scrimmaging. A trim looking squad of 11 turned out for the initial drill. Only four boys reported overworked and they are being kept on the practice field overtime to run the extra poundage.

Three of the 24 eligible lettermen were missing when the practice was called yesterday. Jack Trovelli, speedy wingback from Jonesboro, hasn't decided whether he wants to play football in his senior year and the coaches apparently are leaving it strictly up to him. Tackle Dick Keyser isn't expected now and guard Sam Dumas, though expected, still hasn't put in an appearance.

Loss of several players since spring practice, mostly through scholastic failure, will make it necessary for Wyatt to experiment at several positions. The experimentation began yesterday with the transfer of Billy Pickens, an end last season and a blocking back in the spring to tailback, to plug the gap when Bob St. Pierre signed a pro baseball contract. Pickens was a triple threat in high school at DeQueen.

Some interesting facts...

for the man who thinks
"all good gasolines are about the same!"

This is such a common idea in people's minds, that you may be interested to know that it never was true... and isn't now!

Take a minute now to read why this is so... and you may be on your way to getting more for your gasoline money for years to come.

Here's the story... short and sweet!

First, it is true that all reputable gasolines today are good products and good value for your money.

Second, it is true that "premium" gasolines, at slightly higher cost, do give added performance values in most cars.

But... it is not true that all "premium" gasolines give the same amount of extra value for the higher price. Differences, in fact, are surprisingly great in many cases.

And... it is also true that Esso Extra gasoline meets the highest standard of all-round, year-round performance quality that exists!

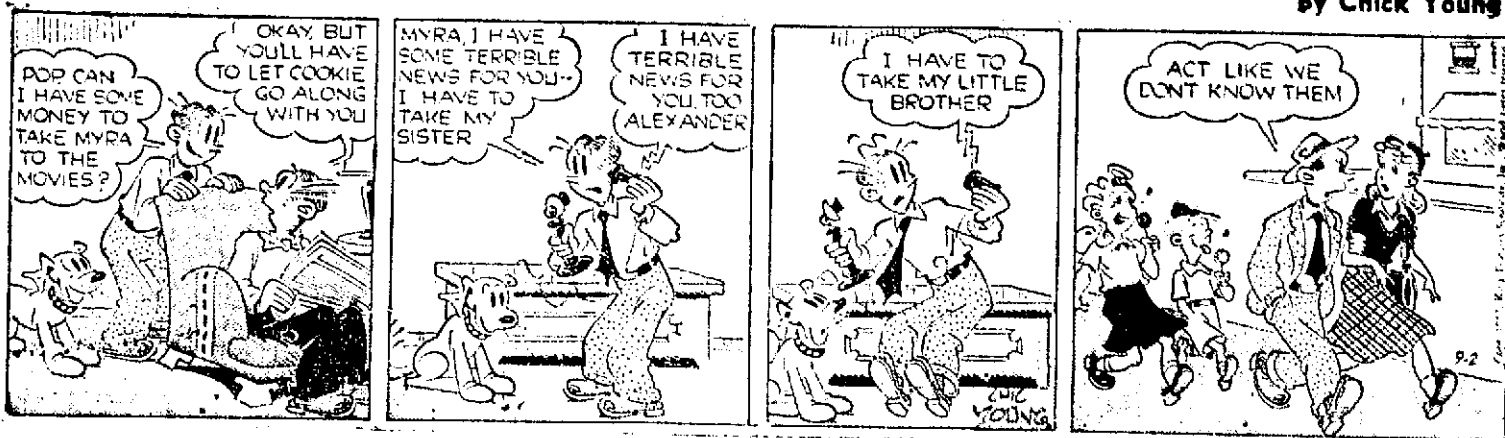

Esso Extra meets today's highest standard of year-round gasoline performance!
